

A Journey to the Forgotten Worlds of the Riviera Maya

Join Trisha and Robert Iannazzi as we host this Virtuoso Voyage on the exquisite new all-suite Explora II

EXPLORA II | FEBRUARY 04TH – FEB 14TH, 2025 | ROUND TRIP MIAMI

Skirt Florida's innumerable keys and unlock adventure in limestone caverns and coral worlds off Cayman Brac. Capuchins cling to the treetops in the jungles of Cozumel, gateway to kaleidoscopic coral reefs, before venturing into the fathomless jade cenotes of Costa Maya and the charming colonial towns and mysterious Mayan pyramids of Merida.

Explora Journeys combines centuries-old seafaring experience with superlative European refinement to deliver an enriching ocean journey that inspires explorations in all its forms. Each of Explora II's ocean-front suites, penthouses and residences are designed with a refined elegance in mind; floor-to-ceiling windows and private sun terraces bring guests closer to the ocean itself.
